

City of Imperial Beach Notice of Public Meeting

The City of Imperial Beach invites its citizens and interested parties to participate in an update to its General Plan/ Local Coastal Program (LCP). The City completed a Sea Level Rise (SLR) study in 2016 funded by a grant from the State Coastal Conservancy and the San Diego Foundation. The City obtained another grant from the California Coastal Commission to translate the SLR adaptation strategies into LCP policies. The City is also preparing a Climate Action Plan as a part of this program. The City hired the consulting firm of AECOM to assist the City with this project.

This meeting will be a Community Workshop to be held at the Dempsey Holder Safety Center Meeting Room (950 Ocean Lane, Imperial Beach, CA 91932) on Friday September 21, 2018 from 3:00 pm to 5:00 pm. The meeting will then adjourn into breakout stations at booths set up as a part of the Imperial Beach Farmers Market at Pier Plaza. AECOM prepared proposed amendments to the LCP (posted on the City's webpage at: imperialbeachca.gov 2018 RIB CAP/LCP/GP Update) that will form the basis of the revised LCP. The presentation will consist of a recap of the proposed General Plan edits and a discussion of potential measures designed to implement the updated plan. An Implementation Plan (IP) is a required component of the City's LCP.

Documents related to the LCP Update project will be posted on the City's webpage link: imperialbeachca.gov 2018 RIB CAP/LCP/GP Update

For questions, please contact Jim Nakagawa, City Planner, at jnakagawa@imperialbeachca.gov or 619-628-1355 or at the City of Imperial Beach, Community Development Department, 825 Imperial Beach Blvd., Imperial Beach, CA 91932, or Nancy Bragado, Principal Planner AECOM at nancy.bragado@aecom.com or at 619-610-7739.
